

Project Development Phase Model Performance Test

Team ID	SWTID-2026-5404
Project Name	Implement Client Script & UI Policy (Incident)
Maximum Marks	10 Marks

Model Performance Testing:

Project team shall fill the following information in model performance testing template.

S.No.	Parameter	Values	Screenshot
1.	Metrics	Regression Model: MAE - N/A, MSE - N/A, RMSE - N/A, R2 score - N/A (no regression model; project uses rule-based client scripts) Classification Model: Confusion Matrix - N/A (no classifier) Accuracy Score - 100% (5 of 5 test activities passed) Classification Report - Not applicable; test outcomes: mandatory enforcement (error shown, save blocked), successful save, reverse condition, list-edit blocking, form-based update – all Pass	
2.	Tune the Model	Hyperparameter Tuning - Not applicable (no trainable parameters). The only configurable rule is the UI Policy condition Impact is 1 - High with Reverse if false = true. Validation Method - Manual functional testing in the ServiceNow instance (Task 6, Activities 1–5), including a reverse-condition test (Impact High → Medium)
